

FROM OUR CUSTOMERS:

What Expansion Means to Indy's Biggest Events

**Hilton**

"Indianapolis is a world-class destination, and a strong meetings and events market. Signia by Hilton Indianapolis is going to be an incredible addition to the community, serving guests and hosting events backed by our signature Hilton hospitality. We're looking forward to introducing this spectacular brand to this key U.S. market."

Chris Nassetta, President and CEO, Hilton

"Indy's continued investment in growing its convention and event facilities has helped the N.F.L. bring events like the Super Bowl to the city. The Pan Am expansion is critical to the city's future Combine and Draft bids, as these events will need this space to operate."

Carly Slivinski, Director of Events, National Football League

"FDIC International has called Indy home since 1995, annually bringing tens of thousands of firefighters from across the U.S. and around the globe to the city. This year alone FDIC brought nearly 35,000. As the city has grown, so has our convention. News of the convention center expansion and new hotel is welcome news and ensures FDIC International can continue to partner and grow our conference and expo in Indy."

Eric Schlett, Senior Vice President, Group Director of FDIC

"Indianapolis has been a wonderful host for our National FFA Convention & Expo. As we continue to grow in our convention attendance, especially as our 100th-anniversary approaches in 2027, the need for space will continue to grow. We appreciate this new development and believe this addition will continue to allow us to offer additional opportunities as our convention continues to grow."

Scott Stump, CEO, National FFA Organization

**GEN
CON**

"Indianapolis has been a great home for Gen Con for the last 20 years. During that time, Gen Con has grown big, and we'd like to grow even more which is why we are thrilled with the Pan Am convention center expansion and the Signia hotel coming online in a few short years. This project is critically important to help keep Gen Con hosted and growing in Indy."

David Hoppe, President, Gen Con
